

MEMBER SUGGESTION PROGRAM

We are always interested in improving our products and services to better serve you. This is your opportunity to submit a suggestion to help improve our credit union.

Suggestion Program Information: Suggestions will only be considered when received through this form. If your suggestion is approved for implementation, you will be notified and will receive a \$50 gift card. Due to the large volume of submissions we receive, we do not notify members whose suggestions are not approved. Suggestions remain eligible for the reward for six (6) months from date of submission. If you do not hear from us within six months, your suggestion was not adopted.

IMPORTANT: Please do not include any sensitive information (i.e., social security number, account number, etc), as submissions are emailed to our team and email is not secure.
