⁷ You acknowledge and agree that we may charge you a fee for using a non-VWCU ATM and a fee for a withdrawal conducted during the same ATM session. You further understand and agree that the ATM operator or network (of a non-VWCU ATM) may also charge you a fee and may charge multiple fees for multiple transactions during the same ATM session.

⁸ If an item is returned multiple times, you will be assessed multiple NSF fees. You may be charged an Overdraft Privilege, Overdraft Protection, or NSF fee, as applicable, each time a transaction is presented for payment and the available balance is insufficient, even if the transaction was previously rejected and a fee was previously charged. For example, a transaction you authorize (such as a check or an ACH debit) may be presented or submitted for payment multiple times and we will determine whether or not the available balance is sufficient to pay the transaction each time it is presented or submitted. This means you could be charged multiple fees (including multiple NSF fees or a combination of multiple NSF fees and an Overdraft Privilege or Overdraft Protection fee) for one transaction that you authorized. It is the merchant (or other individual or entity), not the Credit Union, that determines when and through which payment channel to present or submit a transaction against your account (and whether to re-present or resubmit a transaction that was previously rejected).

⁹ You understand and agree that foreign transactions include Internet transactions (and other transactions) initiated in the U.S. with a merchant that processes the transaction in a foreign country and you acknowledge that foreign international transaction fees may be charged in such situations.

¹⁰ An Overdraft Privilege Exceeded fee will be assessed each time a card transaction is authorized against available Overdraft Privilege, but there is not enough available Overdraft Privilege to cover the transaction when it posts to the account.
